

MAGICAL LEDGER
ACCOUNTS LLC

THE MAGIC
BEHIND YOUR
ACCOUNTS AND
FINANCIAL GROWTH

INTRODUCTION

Magical Ledger Accounts LLC is a trusted accounting and financial services firm based in Dubai, UAE. We help companies—from startups to established businesses—manage their finances with accuracy, transparency, and compliance.

With a team of experienced accountants and industry experts, we combine smart technology with professional expertise to deliver reliable accounting, bookkeeping, auditing, taxation, and financial management solutions.

MISSION

Our mission is to support businesses with accurate financial insights, ensure compliance with UAE accounting and tax laws, simplify financial operations through modern tools and technology, and provide consistent value through professional expertise.

VISION

To be the most reliable and innovative accounting and financial services partner in the UAE, delivering accuracy, integrity, and value-driven results.

OUR SERVICES

At **Magical Ledger Accounts LLC**, we offer complete accounting and financial management services to keep your business organized, compliant, and financially strong. From bookkeeping, financial reporting, VAT and corporate tax support to payroll, billing, audit preparation, business valuation, and software setup — we provide everything your company needs under one trusted partner. Our expert team ensures accuracy, clarity, and smooth financial operations at every step.

Focused
Finance

Accounting & Bookkeeping

We record and organize all your daily financial transactions with accuracy. Our service keeps your business compliant, clear, and fully updated.

Financial Reporting

We prepare precise financial statements that reflect your true business performance. These reports help you make informed decisions with confidence.

VAT Registration & Filing

We handle the full VAT registration process for your business. Our team ensures timely and error-free VAT return filing as per UAE regulations.

Corporate Tax Registration & Filing

We manage your corporate tax registration smoothly and efficiently. Accurate filing ensures compliance and avoids penalties.

Company Accounts Setup

We develop a tailored chart of accounts based on your business model. This ensures smooth financial tracking from day one.

Supervision of Accounting

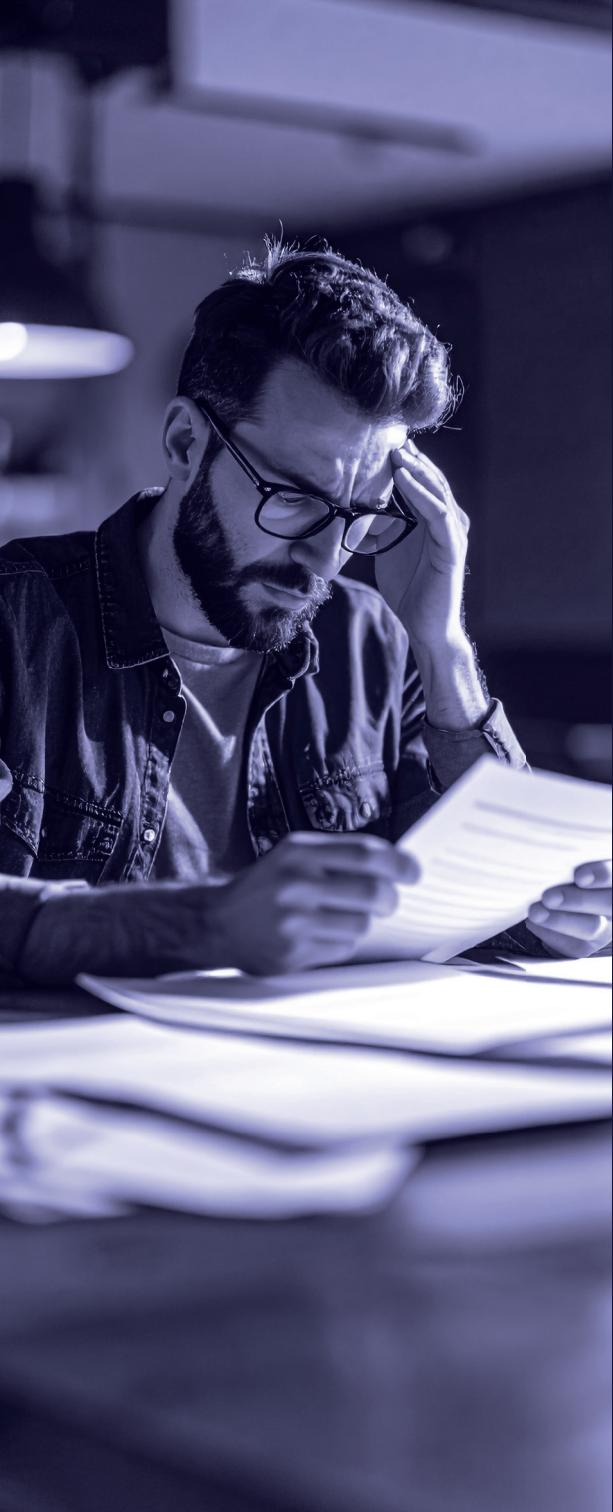

We oversee your accounting processes to ensure accuracy and consistency. Our supervision strengthens control and prevents financial errors.

Accounts Audit & Report Arrangement

We prepare all documents required for annual audits. Our team coordinates with auditors to ensure a smooth and transparent process.

Payroll & WPS Processing

We manage employee salaries with complete WPS compliance. Your staff gets paid accurately and on time, every time.

Billing/Invoicing & Payments Management

We streamline your billing and payment cycles for better cash flow. Our system keeps every invoice and receipt tracked and organized.

Recovery Analysis (Accounts Receivable)

We analyze outstanding payments to improve collection efficiency. Our insights help you speed up recovery and strengthen cash flow.

Business Valuation

We calculate the true market value of your business using reliable methods. This supports investment, sale, or expansion decisions.

Cost Control & Risk Management

We identify unnecessary costs and improve spending efficiency. Our strategies help reduce risks and protect profitability.

Tally & Accounting Setup

We install and configure accounting software tailored to your operations. This ensures smooth workflow and accurate financial management.
